

Journeyz 2 Fashion

~Origin~

Journeyz 2 Fashion first originated as a conversation between Andre Miller and Kim’Nikia Martin. We wanted to show interest in fashion and a share it with our community. Our sole purpose for this group is to capture interested fashion leaders, victims, & abusers to express verbally & physically how they feel about today’s fashion world.

We will show members of J2F how to:

- Know the difference between fashion, trends, & styles
- Know their True Style / Body
- To dress for their body type
- Sew their own clothing
- Pick perfect patterns and shapes
- Be a smart shopper
- Model clothing
- Perform D.I.Y (Do It Yourself) activities
- Solve clothing issues
- Work accessories / detailed items
- Discuss freely about fashion

Journeyz 2 Fashion does not criticize, judge, spite, or discriminate against any race, creed, nationality, sex, religion, or thought. We just want everyone to feel comfortable in his or her skin and surroundings. Whether fashion, social environment, personality, and life. Life is like a pair of jeans and in-between the seam there’s a journey to travel. So let’s have fun and take this **Journey 2 Fashion**.
